Your Access
and Recreation
on Alberta Public Lands*

WWW.LOVEYOURTRAILS.CA

Like you, we Love Alberta's Trails - they are the access to recreation and enjoyment of our outdoors.

Whether by Foot, Horseback, Dirt Bike, Mountain Bike, Side by Side, Quad, 4x4 or Snowmobile — Alberta has an incredible trail network for diverse recreational opportunities. Many of the trails are due to the countless hours invested by volunteers and clubs maintaining them.

Unfortunately our Public Land Use Areas along the Eastern Slopes are under pressure of losing trails, and the associated recreational activities that go hand in hand.

We aim to ensure that management of our Alberta Public Lands are in Alberta's interests, and balanced to provide positive outcomes for all recreationalists without removing or excluding Albertans' responsible access and enjoyment of our province.

Alberta Public Lands belong to the people of Alberta, and we support responsible recreation and sustainability for all to enjoy. Exclusion is never a solution.

We believe that Alberta Recreationalists working together can provide solutions for preserving continued enjoyment of our environment, inclusive and respectful of all types recreation. There is a solution.

Show your support for your trails and recreation. Join the Movement. Follow us on Social Media, use #loveyourtrails to show your love for the trails. Go to our website to find out how you can help preserve your access to recreation.
